Subject: PIRZMNXA_Morrison County CR38_ The status of your Permit has changed to Returned
Attachments: Application_PIRZMNXA_Drawings_N.152214_12_Morrison County 38.pdf

Good afternoon Brenda,

For returned application:

The status of your Permit has changed to Returned.

Reason: all peds and cable needs to be outside of 42' from centerline. minimum right of way on this piece is 50'. unsure where you are getting the row maps from for your plans. call john k with questions 320-333-5084

Attached is revised drawing package CR 38 application #12. Did not receive Plan Drawings from County on this route, but per John K comment of 50' Minimum, made adjustments with exception of West end Near MN 25, where existing CTL installs were inside 33', so left that as originally fielded.

Michael McDougall
